Assessor Comments	A good line of steers that have grown out particularly well in the time the vendor has owned them. Some of these steers were purchased as weaned bulls and marked when they arrived therefore the odd steer is showing male characteristics that they will grow out of in time. These steers are well bred and will continue to forge ahead given the right nutrition to hit the desired market of choice. Please note 1 with slight white markings near the navel and 6 with old pink eye scaring not detrimental. A couple of steers with old ring worm scar around eyes.
