Assessor Comments	Offered is an outstanding line of 66 Angus Heifers. They are 12 - 13 months old and weighed out over 330kgs full at assessment. The 'Weowna' herd is KO, Aristocrat and Alloura Blood with a focus on fertility and cow efficiency in bull selection. These females have been drafted with an immediate joining in mind. They're in ideal condition, true to type and all have clear eyes. Heifers are up to date with all their animal health treatments and are powering ahead on fresh spring pastures. They have been handled regular and have a good soft temperament. Heifers will grow into moderate to large frame cows that will suit any breeding enterprise.
