Assessor Comments	Offering 2 decks of Angus and Angus cross heifers. They are NSM with no access to a bull and are really starting to shine up with spring now upon them. They were purchased out of the New England in April and have turned around quickly due to the soft winter and timely rainfall. Only being sold to lock up crops for harvest/hay. Weighed 220kg plus after a solid 15 hour lock up with a large tail retained. Offered as \$/hd or can be weighed over a weigh bridge in Cowra if preferred. These heifers are well tempered and have received ample human contact and they respond well to pressure. Ideal to background for a feeder market and utilise spring growth.
