Vendor Comments	Middle draft of our 2025 drop steers which are performing well in the current excellent season.		
Temperament	Yards	Crush	Paddock
	Quiet: 54 head	Quiet: 54 head	Temperament not assessed in Paddock
Handled With	Steers were good to handle through yards and are handled by experienced stockpersons. Bikes , Dogs , Vehicles		
Assessor Comments	Very well bred line of Angus steers 350-480kg at assessment. Steers are bred from a well regarded local herd, carry a clean bill of health and the middle run of the drop. Steers currently performing well and will continue to do so with the same good management. Steers are bred from large frame soft easy doing females. They carry excellent temperament and sound conformation. Note approx 4 steers appear to show some very small droughtmaster influence which goes back approx 10 years and a small influence comes through each year though bred from Angus females and Sires(very hard to pick up visually). Please view video to fully appreciate the quality of these steers or call for more information.
