Assessor Comments	A very neat line of vendor bred one mark Angus Heifers. No Heifers have been retained within the herd this year giving the purchaser a rare opportunity to access a high calibre of females from within a tightly held herd. Heifers are sired by Bongongo & Spring Hill Angus bulls and out of high quality Bongongo blood Angus Cows. Heifers were yard weaned for 10 days on high quality cereal hay before going onto an Oats & Rye grass crop. These Heifers have had everything thrown at them including two 7 in 1s, B12, Multimin as well as being well up to date on drenching. An opportunity to purchase well bred Heifers that have had all the hard work done and are now ready to continue onto Heavier weights or to retain as future breeders. Grass fed & Antibiotic free.
