Assessor Comments	This is a very attractive mob of 44 steers. They display tremendous thickness, shape and length with plenty of bone. They are really soft steers in fresh condition with clean healthy coats. These steers were assessed in 2 mobs as you can see from the videos and put back into the cows. They will be weaned onto the truck at delivery. Bred by Stud Angus Sires and out of large frame home bred cows. Great young steers to handle and should wean well. Ideal cattle to meet local trade markets or heavy export market - Grass or Grain. They are up to date with their vaccinations and ready to "Fire into Spring". There 2 broken face black baldy steers. Vendor Bred, Antibiotic Free and Grass Fed.
