| Assessor Comments                     | A quality line of Angus heifers, sired by registered Thompson Angus bulls and displaying good breed characteristics, frame and type. The heifers present in good, forward store condition and are showing plenty of potential to continue on. These heifers offer buyers versatility, presenting as an ideal opportunity to either retain and develop into future breeders or take on as a quality backgrounding article. A genuine line of well-bred heifers with plenty of upside, suitable for purchasers looking to add quality replacement females to their herd or secure cattle with further weight-gain potential. |                 |                                     |
