Assessor Comments	24 x Angus Yearling Steers that have just gone 12 months of age. Soft, easy doing steers that have a great temperament, properly yard weaned & quiet. Previous purchasers have been very happy with the performance of weaners & yearlings from this herd targeting high end grass & grain fed programs. Small amount of rubbing/ringworm on the heads & ears of around 6 head but not considered detrimental. Ideal feeder steers or would suit someone wanting a quiet line to grow out to Bullocks.
