Assessor Comments	An exceptional line of 43 heavy Angus steers presenting in excellent forward condition and averaging approximately 420 kg. These cracking young steers display excellent frame, strong bone and the capacity required to continue performing and adding weight. Bred from quality Angus genetics, with Merridale Angus bloodlines used within the herd, they offer genuine weight-for-age and excellent future potential. The steers are quiet, have a good temperament and are straightforward to handle. They are well suited to buyers seeking quality heavy feeders or steers with the frame and performance to take through to heavier domestic or export specifications. A particularly even and impressive line of Upper Murray-bred Angus steers that should continue to excel under the right management. Key selling points * 43 quality Angus steers * Averaging approximately 420 kg * Excellent frame and heavy bone * Merridale Angus bloodlines * Quiet temperament and easy to handle * Strong weight-for-age * Treated with Bovilis MH + IBR * Treated with Coopers Piliguard * Genuine performance and finishing potential * Offered by B & T Whitsed, Nariel Pines, Upper Murray An exceptional line of heavy Angus steers displaying excellent frame, bone, temperament and weight-for-age. These steers present as a highly productive article with the breeding and capacity to continue performing. They would ideally suit a feeder or backgrounding operation looking for well-bred Angus cattle!
