Assessor Comments	An outstanding line of 25 quality unjoined Angus heifers offered by the well-regarded Nugent Family of "Lighthouse". These heifers represent years of consistent Angus breeding, with a strong emphasis on structure, temperament, performance and maternal quality. They present as a very even, feminine line with good length, frame and shape and offer genuine flexibility as future breeders or quality feeder heifers. Bred from a fully Angus-accredited herd, with generations of careful selection underpinning the quality of this draft. Bloodlines include Stud Merridale and Llandallo Angus, genetics selected for length, bone, structural soundness, temperament. These heifers provide an excellent opportunity for purchasers looking to introduce a well-bred line of young Angus females into a commercial breeding program. The heifers have been yard weaned and well handled, presenting with an excellent temperament and helping ensure a low-stress transition for the successful purchaser. They are offered as "Immune Ready", having been vaccinated with Bovilis MH + IBR as part of the Lighthouse preventative health program. They are also Greenham Never Ever accredited – grass-fed, no HGPs and meeting the program's production requirements. Currently running on a rye and clover crop, with supplementary quality hay and silage supporting continued growth A particularly attractive line of EU-eligible, well-bred Angus females carrying proven Merridale and Llandallo genetics. Note one Heifer Damaged Eye
