Quiet: 5 headQuiet: 5 headTemperament not assessed in Paddock

These heifers were quiet and easy to handle in small yards for assessing and weighing. When released into the paddock

Handled With	they were in no hurry and walked straight out hassle free. They would suit a handler of any experience with their quiet nature. Bikes , Vehicles
Notable Traits	Traits 1 Head Wart on eyelid
Assessor Comments	This small line of quality grass fed Angus heifers are developing well and are really beginning to show their potential. They present a great opportunity for buyers to add to or establish a quality breeder herd. Approaching feeder weights, they also offer the option to take through to finishing. Along with their quiet temperaments and good breeding qualities, these heifers present a great opportunity for buyers in a buoyant spring.
