Good	100%	Fwd Store	70%
		Store	30%

Temperament

Yards	Crush	Paddock
Quiet: 18 head	Quiet: 18 head	Quiet: 18 head

Heifers were a pleasure to handle right throughout the drafting, weighing & photography process. At no stage heifers showed any signs of agitation. This process was very quick as heifers are well handled through Pibbon yards all the time.

Handled With	Bikes , Dogs , On foot , Vehicles
Assessor Comments	A Tidy line of quiet vendor bred dual purpose, pure Red Angus heifers presenting in strong forward store condition, NSM. This article creates a golden opportunity for the intended purchaser to obtain great genetics that will keep thriving given the correct nutrition. The Danson Family are renown for breeding proven quality genetics that always excel through feedlots or market places. The Pibbon Red Angus herd follows the direction and beliefs of the Pharo cattle company program. The Danson family believe in producing moderate frame females that are quiet, easy doing/durable, high fertility & dont need the high energy intake to survive like large frame breeds allowing them to run more head per acre. Please note 1 heifer has been treated for pink eye which explains the patch deemed non detrimental. OPPORTUNITY PRESENTS to purchase dual purpose Pibbon Red Angus genetics. Quality young females are the future of the cattle industry.
