Heifers flowed through the yards without stress and quietly. One heifer stirred slightly on the scale's but settled quickly once back with the mob

Handled With	Bikes , Vehicles
Assessor Comments	A very nice and even line of NSM Bannaby Blood Angus heifers. Heifers have been on agistment since September on predominantly trefoil based pastures and will present in forward store condition. These heifers are out large framed, heavy boned Central Tablelands bred cows and would be ideal to take home and join or put on feed. Very quiet cattle to handle.
