Assessor Comments	Vendor bred Angus and Angus cross steers sired by Tulagi Angus Bulls out of Granite Ridge, Rockwood and Hazeldean blood cows sourced direct the breeder. These steers have been running on agistment for most of their lives and were brought home for the spring. With the season not going their way they are being sold to prioritise feed for sheep. They are presenting in store condition with immediate compensatory gains on offer with a change in diet. They have been given a fresh paddock until delivery with no weight gain allocated. 100% weighed 285kg plus to average 356kg with a curfew applied. By genetically large framed cows sourced from Wagga Wagga NSW and Lucindale SA as heifers years prior. They are carrying some trefoil in their coats but starting to shine as the weather warms. Ideal steers to trade on grass with the genetics to grow to bullocks with time.
