Assessor Comments: An opportunity to purchase a very good draft of Vendor bred Angus Heifers off CA Martin, the lead draft of their 2025 Angus spring drop weaners. This vendor has focused extensively on improving the genetics and performance of their herd and have done so by consistently purchasing leading sires from Table Top Angus with a real emphasis on Growth, EMA, IMF and positive Rib&Rump. These Heifers are genuinely only 12-13 months of age and are bred from a very good herd of large framed Black Baldy females. Cattle were Yard weaned 20th of April for 7 days and are up to date with there health treatments having 3x Ultravac 7in1 and drenched Cydectin Platinum Pour and Swish Fly & Lice. There will be a grass assurance form supplied. Cattle come with the agents highest recommendations.
