Assessor Comments 69 very good quality Monaro bred Angus feeder steers. Steers have performed terrifically since arriving and present in forward condition in a tough Monaro season. Steers were purchased from reputable Monaro vendors as weaners and have been going forward running on native granite country. Great weights from 14 - 16 month old steers, vendor hasn't let steers miss a beat. Please note: Agent can arrange freight to most areas with local trucks to allow for better efficiency on a non-BDouble rated road.
