Assessor Comments	Excellent line of grass fed Angus Steers. Sired by Rennylea Angus bulls, and out of Large framed Banquet & Barwidgee Cows. These Steers are 12-15 months of age and were purchased as Cows & Calves late 2025. They are up to date with health treatments, receiving an Ultravac 5in1 and Drenched with Abatech on 29/10. These steers present as an opportunity to continue backgrounding to strong feeder markets or take through to kill markets. Please note there are a handful of steers with old pink eye scarring, not deemed detrimental to future performance.
