Assessor Comments The second draft of an impressive line of Angus Friesian x weaners. These calves have been very well reared and are out of large framed Friesian cows. Sired by Ai Worldwide Sires. These calves have performed very well for previous purchases. They are ideal to take through to heavy feeders or make big heavy F1 bullocks. Note majority of calves have a small amount of ring worm around their face & a small amount of calves have not long been marked. The vendor will off 300 calves over 7 lots in this sale.
