Assessor Comments	A very neat line of steers to put back in the paddock or put on feed. Were purchased locally from Colac store sale in June as only two vendor lots as young weaners. Have done exceptionally well over the last couple months and are ready to go ahead. Nb: one steer has very slight scurs but hardly noticeable, see crush picture in photos. Odd steer has very minor warts on head, not detrimental. Please take note of trucking comments. Weighed with a full over night cufew
