Assessor Comments	This is a quality line of Charolais and Droughtmaster heifers that have been joined to Rondel Droughtmaster Bulls since January 2021. The heifers have good frame and bone they will make great future breeders given the right opportunity. These heifers would have been retained as breeders on Vuna but the season has made this not possible. The heifers range from 320-526kg to average 408kg. There is 50 #0 & 25#9 the #9s were mouthed at assessment being 0 to 4 tooth. Delivery needs to be Monday 17th before 12pm or after Thursday 20th due to vendor prior commitments.
