Assessor Comments	A very nice line of PTIC Angus heifers A/c The breeder. These very good quality Hunter Valley bred breeders are out of a very good herd of performance and fertility recorded Angus females. A reluctant sale but the vendors are fattening more backgrounder cattle and have decided to sell these cattle. No heifers have been retained these are the complete lot of 2 yr old heifers they had intended to calve themselves therefore you aren't buying culls they are genuine keepers. Properly joined and every attempt made for calving ease.PLEASE NOTE assessed as one mob to be sold as 2 lots of 32 head run out the gate. Odd heifer eye scar not detrimental to vision 1 heifer in lot had a slightly light blue eye and isn't affecting vision.
