Assessor Comments	Good quality Vender Bred EU accredited PTIC Heifers Joined to Trio & Talooby Angus sires. All heifers are by the Angus Sires out of Santa x Santa/Hereford cows or Hereford x Santa/Hereford cows. They are set up for a July/August calving. Years of breeding behind them. Out of medium to large frame cows. Good length, depth and width of body. Temperament is good. Easy to handle as they have been used as a rotation around the stud. 3 heifers observed with scarring in one eye. Considered not detrimental. Please note that the 2018 drop heifers were not joined until 2 years of age as they were born and grown in drought.
