Assessor Comments	A well bred line of 1st calve Angus heifers with Angus calves at foot. Heifers are 25-26 months of age and NSM, they along with calves are Weeran blood. These heifers are milking up well for their first calf with calves between 3-6 weeks of age. 3 heifers noted with blue scaring on eye. A great opportunity to purchase an even, well bred line of young breeders that would respond well to continuing good feed. Vendor will offer another line of 1st calf heifers in the same sale.
