Assessor Comments	A well bred line of 1st calve Angus heifers with Millah Murrah Angus calves at foot. Heifers are 26-28 months of age and NSM. These heifers are milking up well for their first calf with calves between 4-8 weeks of age. 3 heifers noted with blue scaring on eye. A great opportunity to purchase an even, well bred line of young breeders that that would respond well to continuing good feed. The shorthorn/Angus cross calf is also Millah Murrah blood and was orphaned onto one of the heifers as a Bobby calf and now is the heaviest calf in the consignment.
