Assessor Comments	24 outstanding heifers PTIC to low birth weight 'Fairview Valley' Angus bulls. These soft easy doing heifers show great bone and depth for their age averaging 491 kg at assessment. They were purchased from 'Blackall' Store Sale in June last year and have responded well to native pasture growing into upstanding composite heifers. These heifers were a pleasure to handle throughout the yards and have been educated well as weaners. They were preg tested in calf to low birth weight Angus bulls due to calve in the spring. These heifers represent quality and show all the traits of growing reliable quality mothers. Buy with confidence.
