Assessor Comments	A Good to very good line of Quality shorthorn heifers that were purchased out of Cassilis NSW in December. These heifers were PTIC before purchase and were joined to a LBW Narrenmore Angus Bull. These genuine 2 year old, Shorthorn heifers are Yamburgan and Futurity blood. They were joined over a tight 49 day period and will commence calving Early July. The heifers originated from Dunnedoo store sale. Heifers are in good forward condition. Here is an opportunity to purchased a run of quality heifers that have youth on there side. Heifers have been on good feed since being in Galong.
