	Docile: 4 head		Quiet: 24 head	Temperament not assessed in
	Quiet: 24 head		Slightly Stirry: 6 head	Paddock
	Slightly Stirry: 2 head			
	Extensively handled young females that were weaned & drafted off as future breeders, sent away on agistment after the 2019/20 fires. They have since been through the yards on several occasions for annual drenching, A'ling, Preg testing & most recently, assessing. They were a pleasure to handle, all walked up to the scales quietly, & stood well, just a few getting a little bit impatient whilst standing to be weighed (listed above as slightly stirry) Very nice heifers to take on as core breeders.			
Handled With	Bikes , Dogs , Horses , On foot , Vehicles			
Assessor Comments	Very nice line of highly fertile females to take on, only being offered for sale due to having a very high conception rate this year and therefore a surplus amount of retained heifers. These females are A.l'd to the renowned Rennylea Edmund E11, one of Australia's leading A.I sires (See Doc's) due to CC on the 11th August. There was an 18 day gap between the AI round and the mop up bulls going in, guaranteeing all these females as in calf to the AI sire. Very nice line of females with all the desires traits you look for when selecting breeders. An overall easy doing style about them, with very soft pretty faces. Please Note - 3 Heifers presented with a white splash on their udder, one heifers with a white birth mark on her side. Please see photos & video for full contentment.			
Assessor	Katie Lewis (Level 2 Accredited)
