	Extensively handled young females that were weaned & drafted off as future breeders, sent away on agistment after the 2019/20 fires. They have since been through the yards on several occasions for annual drenching, A'ling, Preg testing & most recently, assessing. They were a pleasure to handle, all walked up to the scales quietly, & stood well, just a few getting a little bit impatient whilst standing to be weighed (listed above as slightly stirry) Very nice heifers to take on as core breeders.			
Handled With	Bikes , Dogs , Horses , On foot , Vehicles			
Assessor Comments	*Very nice line of selected breeders to take on* This is a rare opportunity to obtain some of the Chumpot pastoral genetics, usually retained or sold as a china export job. Being offered for the first time on the AuctionsPlus platform. These are the females that missed conception from the single A.I round and are PTIC to The Glen Angus mop up sires (see joining details) These females ozzie maternal appeal, with all the healthcare & handling boxes ticked, carrying all the desires traits you would look for when selecting breeders. A very good easy doing style about them with very soft pretty faces. These females will not disappoint. Please see photos & videos for full contentment. The Note. 3 Heifer presented with a white splash on their udder, 1 Heifer with a minor eye blemish. 1 Heifer with a white eye.
