	Heifers were easy to handle. Due to scales having to be set up in the race the odd heifer took some convincing to stand on the scales. If it was possible to set scales in the crush they would have all be assessed as quiet.

Assessor Comments	Opportunity to acquire some top quality Black Baldy heifers & calves. The Dalbosco family have annually offered their Black Baldy heifers & calves for 50 years. The Vendor bred portion of these heifers are sired by Alpine Angus bulls over large framed Beggan Hills Hereford blood cows, with the balance purchased ex the Omeo weaner sales. These heifers are rising 3 years of age with their 1st calf at foot sired by Alpine Angus bulls. They are producing plenty of milk for their sappy young calves (1-9 weeks old). Genuinely quiet heifers that are ready to take a bull of your choice. Outstanding quality units that will make top vealer mothers.
