	Excellent to handle both in the yards and walking into the crush. Once we let them back out together in a small holding paddock they just stood happily and fed their calves

Assessor Comments	Outstanding young Angus cows and calves as good as you will see. Predominately 3rd calvers with 1 -2nd and 3 -4ths .Good big roomy females and doing a fantastic job on their calves. Calves are full of milk and have plenty of bone and shape. There are 17 steer calves and 10 heifer calves including one set of twins. Cows have not been back to any bulls and are ready to join to a bull of your choice. Calves have been marked and had their vaccinations. Bred at "The Grange" Mansfield from a high performing herd. Would be an asset to any herd.
