Assessor Comments	Watervalley bred 54 top draft of mixed age cows PTIC 5-8 months to Watervalley black bulls. The cows are principally black having various white markings from their crosses and approx 10% would have some Bos indicus influence. This top draft being in store to forward store condition with their calves weaned off only 4-6 weeks ago, this line represents an opportunity to put weight and condition on the cows prior to calving. The Watervalley cattle are well known for their doing ability and are ideal to turn out to calve down, the cattle will perform well for those buyers looking for great doing mums and to add value to their purchases.
