Handled With	Heifers are quite enough to handle, only 1 heifer stirring up in the crush. They are quite but don't like a lot of pressure Bikes , Dogs , Horses , On foot , Vehicles		
Assessor Comments	Opportunity awaits if your looking for a line of cattle to turn grass into \$. These heifers are good mothers putting everything they have into their calves. Heifers will continue to grow and would fatten quickly after the calves are weaned. Heifers were purchased to grow into feeder weights and be traded however they have all calved unassisted and now have their whole life in front of them. Mainly quite but can stir under to much pressure with 1 heifer likes to have the cover of the mob. Please see photos/video for the best description of breed.
