	Cattle are extremely quiet and well handled cattle.							
Handled With	Aerial (Helicopters, gyro's and planes) , Bikes							
Assessor Comments	47 (2 Decks) of Euro & Euro Cross PTIC heifers. Heifers are scanned 1-8 months in calf on the 20/05/2021 to VGQ Rosevale Santa bulls. These 2nd calf heifers were purchased in October 2019 as weaners and grown out on good gidgee and mitchell grass country. Heifers show very good bone and length with plenty of frame to grow out to be big cows. Weighed full to average 468 kg curfewed. Heifers where returned to same paddock. Heifers are extremely quiet in yards and work well though pound, race and crush. A very good line of heifers that have plenty of time ahead of them to be long term breeders. They are quiet and well educated ready to take home calve down and rejoin to the bull off your choice. Please note delivery date as vendor has other commitments. *Please note vendor also has another 2 decks in sale *
