Assessor Comments

These young cows and calves present in fresh forward order and are a credit to the vendor. This line of first calve cows were already pregnant when purchased in September and all bar 1 heifer has calved down with the 1 left to calve springing and tested very forward in calf by the vet. Don't miss this opportunity to secure this top quality line of ex Nebo Santa & Charbray units. This Vendor also has two lines of PTIC heifers being offered in this sale.
