| Assessor Comments  | A nice small mob of Medium framed Angus Cows and Angus cross cows doing a terrific job on their calves. The were purchased in February from the New England and have been grazing on an oats crop for the last 6 weeks. The cows averaged 529kgs full at assessment and the calves averaged 248kgs over the scales. There was 6 unmarked males and 6 heifer calves. The cows are unjoined and would be an ideal fattening proposition. Please note the Vendor has another lot of Cows and Calves in the same sale. |                            |                                     |                 |
