Assessor Comments	A run of Angus PTIC females purposely joined or bought joined, to Angus Sires to amalgamate into the 'Timor Cattle' heifer operation. Heifers present in store to forward condition, they have been running on native pastures in the hills. Heifers handled well with good temperament, a strong trait of the cattle presented for sale by 'Timor cattle'. Please note in total, 3 heifers noted with white underbelly 1 with slight white under brisket. 4 heifers noted with a blue eye not deemed detrimental to future breeders. Will be offered as a run out the gate over the 88 in total.
