Assessor Comments	An opportunity to purchase a draft of PTIC Angus & Black Baldy Cows bred on the renowned Tumbar & Lake Nash Stations by the Hughes family. These females have recently had spring drop calves weaned off them and have proven there fertility again as cows all joined up with a tight calving pattern over a period of 10 weeks. These cows were joined up to very good sires off Table Top Angus from the 1/02/21 to 14/04/21 to CC early November for approx 10 weeks. The cows are predominately of medium frame and are mixed ages. The vast majority mouthed up as slightly worn with a small portion of them broken. There were approximately 8 cows with a slight blue/bad eye. Veterinary Preg test certificate will be supplied off Wellington Vet Clinic. Opportunity to put together 134 PTIC cows together off the same vendor with 5 other lots offered in sale.
