Assessor Comments	Good quality Hereford heifers joined to a Twynam Angus bull (NXTP11). Heifers are medium frame with good depth of body and good bone. Heifers were quiet and easy to handle in the yards. They were purchased out of the May SELX weaner sale from one vendor. Heifers are in calf from 4 to 5 months. Please note three heifers have pink eye scarring in one eye and one heifer has light scarring in both, no detriment to their breeding value.
