Assessor Comments	On offer is a small but very good quality line of PTIC Angus heifers that are 4-6 months in calf to Ulinbawn Angus and												

Jinderlee poll Hereford bulls. These 9 Angus heifers are Top quality cattle and are showing all the traits such as growth, weight and fertility. These heifers really show quality and would make great future matrons. Heifers have a great temperament and come from a closed flock with only introducing bulls onto the place. Please note 1 heifer had abscess on neck was lanced and now healed up, see photos. vendor has another lot of 10 Hereford PTIC heifers in sale
