Assessor Comments	“Nimbo” has been sold and this is a genuine herd dispersal. A great line of rising 9/10 year old cows, freeze branded G & H. These proven Angus breeders have been the back bone of the “Nimbo” herd and have produced quality calves year in year out, would continue to do so given the right opportunity. PTIC to quality Reiland, Rennylea & Arden bulls, to commence calving early July. Vendor has selected bulls on fertility, milk, growth & temperament. Note cows held in small holding paddock the night before assessing, 3 cows noted with old blue eye scar not detrimental in assessors opinion. An excellent opportunity to secure a line of well bred proven Angus breeders. Please see vendors other age groups in same sale.
