Assessor Comments	"Nimbo" has been sold and this is a genuine herd dispersal. A great line of rising 8 year old cows, freeze branded J. These proven Angus matrons have matured into excellent females which would be an asset to any breeding operation, PTIC to quality Reiland, Rennylea & Arden Bulls to commence calving early July. Vendor has selected bulls on fertility, milk, growth & temperament. Note cows held in small holding paddock the night before assessing, 3 cows noted with old blue eye scar not detrimental in assessors opinion, 2 cows noted with white on navel. An excellent opportunity to secure a line of well bred proven Angus breeders. Please see vendors other age groups in same sale.
