Assessor Comments	"Nimbo" has been sold and this is a genuine herd dispersal. A magnificent line of rising 3 year old PTIC for their second calf that will grow and develop into great large volume cows, as reflected in the older age groups. Freeze branded P these females are sired by industry leading genetics from Bongongo, Reiland & Arden focusing on fertility, milk, growth & temperament. PTIC to stud Reiland, Rennyalea & Landfall sires to commence calving early July (Bulls in 21st September). Note cattle held in a small holding paddock overnight, one cow noticed with white on udder, one cow with slightly cloudy eye not detrimental. An opportunity not to miss a line of young proven females with their life in front of them. Please see vendors other age groups in same sale.
