Assessor Comments	"Nimbo" has been sold & this is a genuine herd dispersal. A rare opportunity to purchase a line of the 80 tops from a herd with years of Angus breeding. Young heifers that are sired by industry leading genetics from Bongongo, Reiland, Rennyalea, Landfall & Arden herds. "Nimbo" weaners when offered have been highly sought after at our premier weaner sales by local and repeat buyers. Note cattle held in small holding paddock overnight. Heifers were yard weaned and for a large line were easy to handle with this being the top line. 3 noted with white underbelly & udder, 1 with slightly cloudy eye not detrimental. How often does an opportunity like this to present itself, will be a great asset to any breeding operation. Please see vendors other age groups in same sale.
