Only a small percentage were agitated whilst weighing Bikes , Dogs , Horses                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                             |                                     |
| Assessor Comments  | "Nimbo" has been sold and this is a genuine herd dispersal. On offer is an quality line of 32 PTIC Angus Q heifers. Buyers this is a not to be missed opportunity to purchase quality Angus cattle that will mature into highly productive breeders, which will provide quality sale progeny. These heifers show good weight for age and are in ideal condition for this stage of the pregnancy. Heifers are joined to high indexing, low birth weight Angus sires from Reiland, Bongongo & Landfall Angus. These Heifers are classed breeders.). Note cattle held in a small holding paddock overnight. Two heifers in this offering were noted with old eye scarring's & One heifer noted with slightly old ringworm markings (Assessor deemed not detrimental at assessment) The "Nimbo" cattle tick all the boxes and come highly recommended. Please see vendors other age groups in same sale. |                                                             |                                     |
