Assessor Comments	Excellent small line of medium to large framed Shorthorn & coloured heifers from A.J & P.A McBride Ltd 'Nepowie', PTIC to Angus, due jul/aug. In strong forward condition and with generations of breeding behind them these heifers will make strong mothers for years to come. They are only being offered for sale due to a very high % of cows and heifers being in calf. In calf to Brooklyn Angus bulls they represent a chance to build or extend existing herd numbers, with the added benefit of a short time till calving. Vendor also has a line of PTIC Angus heifers in this sale. Buyers note- transport regulations regarding late stage pregnancy should be considered.
