	easy to move around in and handle, just a bit of run in the black heifer, they stood well on scales		
Assessor Comments	A small line of thirteen 1st calving heifers with mostly Angus calves at foot, two larger earlier dropped calves by shorthorn sire. The heifers present as good strong store condition and the calves are fresh and healthy. Heifers are generally medium frame with 1 heifer large framed. Cattle have been on limited lucerne based pastures and will grow on if fresh feed is available. These young heifers have all the hard work done and will grow out to productive cows. Buyers note there are 8 steers calves, 5 heifer calves and 2 cows with jowl and small lump on jaw. (1 more large heifer still to calve available)
