Assessor Comments	Watervalley bred 25 Seconds Mixed British bred cows 4-8 years PTIC 5-8 months to Watervalley black bulls. The cows are light condition and small - medium frames & mixed colours including, 11 x Reds & Golden Yellow, 12 x Grey, 2 x would have some Bos Indicus influence. Many of these cows have had larger calves weaned off them in the past few months. The Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for great doing mums and to add value to their purchases.
