Assessor Comments	Offering a line of 310 Merino Ewes. These ewes averaged 61.2kg live at assessment and are in very good order. They are 3-5 years old with the majority 3 years old. The ewes were shorn in November and are carrying a generous skin with 50-70mm wool. The ewes would benefit from being crutched soon as there are some sheep that are getting covered around the head. These ewes were scanned undetectable on the 26/05/21. Don't miss this opportunity to purchase young ewes that have plenty of years left and a generous jacket for a quick return. Please note 15 Orange tag ewes are 2016 drop hence 5 years old and the Red tag ewes are actually 2017 drop not in correct colour code. Also please note there are another 8 decks of young ewes from the same vendor in the sale.
