Assessor Comments	On offer is an Outstanding line of Australian White ewe lambs. to be offered in 5 lots of 50. these young ewes are bred by the Watt family from "Tenanbung Grazing" the Tenanbung name has a good association with high quality butchers through the sydney metropolitan area. The Watt Family started from a Highveld White Dorper base but over the past 5 or 6 years have been using the Highveld Aussie rams to improve their carcasses and body length. These young ewes have had a tight 36 day joining to quality Highveld Aussie White rams, These young ewes show trueness to type and given the right opportunity will grow on to become outstand ewes. please note feet comments and delivery date in assesment. Please note 50/250 were assessed not 50/50
