Assessor Comments	A excellent line of large frame Merino Ewes, May/June 2017 drop, October shorn, msld, Glenowie blood, Tintinallongy bred, Ideal to join to a ram of your choice. These ewes were 100% scanned in lamb and just had lambs weaned off them at assessment. I did find 2 Dorper Rams in the total mob of 1800 ewes which were not in there at marking time a month ago. Opportunity to purchase 100% breeders in their prime of their life, very hard to find. This is part of a last stage of a flock dispersal totalling 1700 4/5/6 year old ewes.
